

# Message from the P&FM Editors to our *ad hoc* Reviewers

## ACKNOWLEDGMENT TO REVIEWERS

All papers submitted for publication in *Precision and Future Medicine (P&FM)* undergo peer review. *P&FM* papers have at least two ad hoc reviewers. We highly appreciate *P&FM* ad hoc reviewers listed below. Listed below are the reviewers who completed reviews up to December 2019. All reviewers gave feedback and guidance on previous *P&FM* manuscripts. They largely represent the voice and opinion of *P&FM* about articles and gave direction to *P&FM* authors for further improvement. Without their support, we would be unable to maintain the quality of the papers in *P&FM*, because *P&FM* covers various fields, including translational drug discovery, precision medicine, regenerative medicine, and novel diagnostic methods and medical devices.
